TRADITION + NATURE Take a Stand!

Salts of the 7 Seas, LLC gourmet sea salts, is pleased to announce that they have just launched their newest gourmet sea salt offering, **KOSHER SEA SALT**, in time for Holiday cooking!

Keeping true to all of the traditional features of Kosher salt with the texture, crunch and flavor gourmet cooks have come to rely upon, **Salts of the 7 Seas** has also kept the vital minerals so important to our health and to the true flavor of a good salt. "Kosher Sea Salt's time has come," said Linda Szymanski, President and Founder of **Salts of the 7 Seas**. "Just as so many of our beautiful and all natural sea salts have gained center stage attention in the culinary world over the last few years, so too will our new gourmet **Kosher Sea Salt**. Like all of our fine sea salts, our **Kosher Sea Salt** is completely natural, untouched by drying agents, bleach, anti-caking agents that beleaguer traditional Kosher salt and old-fashioned table salt. With over 84 minerals left intact and all the fine, traditional features of a good Kosher salt cook's depend upon for brining, roasting and baking, our new **Kosher Sea Salt** from **Salts of the 7 Seas** is the perfect choice for your pantry!"

A wide range of healthy, natural gourmet sea salts, including the newly launched Kosher Sea Salt from **Salts of the 7 Seas** are available on line at www.saltsofthe7seas.com.

Wholesale inquiries should be made by contacting Ms. Szymanski at linda@saltsofthe7seas or calling 800-336-7077.
